# Our Staff

We put a premium on bringing only the most qualified individuals to serve on our team.

- Production officer
- Operations officer
- Prepress/ Graphic designer
- Binding and finishing manager
- Digital print production manager
- Customer service representative
- Quality control manager
- Accounts payable
- Accounts receivable

The individuals we hire have the following qualities;

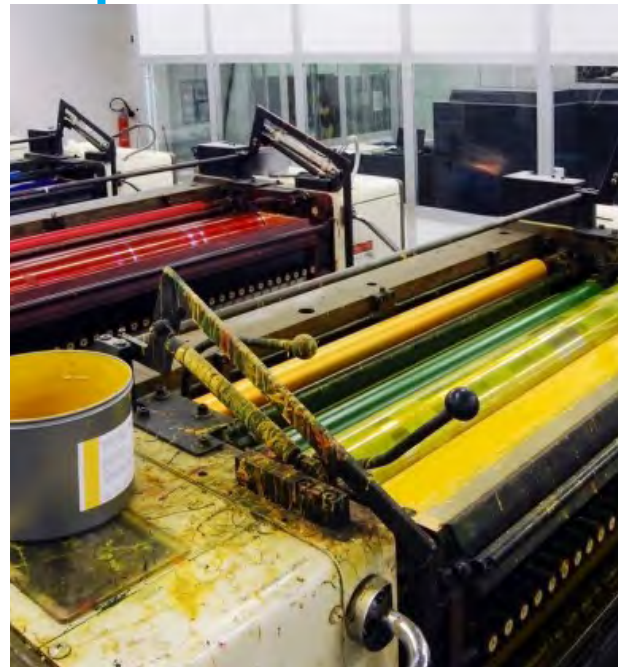

- The ability to communicate effectively and a high level of organization
- Strong interpersonal skills and the desire to provide high quality products with excellent customer service.

# Teamwork

We are connected together as a team by open communication, sharing common goals, being supportive and honest. We value mutual respect, friendship and the enjoyment of working together. By working as a team and bringing our special abilities together, we ensure that we provide and indeed exceed the level of quality and service that our valued clients expect.

**Service-**We are totally committed to working with our clients and focusing on finding an individual solution to their unique business requirements. We are always prepared to respond quickly to whatever task is required of us and deliver an exceptional customer service.

We strive to provide services of superior quality, and service delivery - all within budget. Our customer service promise outlines our commitment to deliver on our services, produce quality products and focus on excellence, with an experience our clients will remember as they appreciate our difference

# Social, Community and Environmental **Responsibility**

We have a social conscience as a business and also as individuals. We place a large emphasis on social responsibility and justice. As such we endeavour to seek out and support various causes every year, determined by the senior management team. We ask our team members to become actively involved.

We look for opportunities to support the community and to make a difference – even if it is only in a small way. We are also aware of our environmental impact and we're constantly looking for new sustainable business practices that minimise our environmental footprint

Horizon lines will work with the client from conception to completion. We will ensure the materials chosen will not only help you market and sell more of your product but also stand up to the ever-changing conditions of your product's life cycle.
